Coming up in January:

- **Wednesday 28 January – KPMG – Students and Parent – Free Insight Event** – Hear about the range of career opportunities at KPMG. Click [here](#) to book your place.

INFORMATION FOR PARENTS

As a parent you can feel under pressure to know everything about the training and education options available.

The Parents' Guide to Post 16 School options. If plans aren't already in place, students should be thinking about their next steps after GCSE or sixth form.

[What are your child's options after GCSE](#) is a handy summary for parents, and parents of older students might enjoy [Options after school or college – helping your child decide](#).

In school and as part of the Careers Education Programme at JFS, students in key transition years will hear from a range of speakers from colleges, training providers and Apprenticeship organisations, so they have all the relevant information to help them make a well informed decision about their future after JFS. This term Year 10 students have heard about the courses on offer at Barnet and Southgate College and Year 11 students have heard about opportunities at West Herts College. In the Spring Term students will learn more about Apprenticeships, what they are, and where they can be found.

[LMI – Labour Market Information](#) – search information about the jobs market in your local area.

[Careers Padlet](#) – For more information regarding careers, Post 16 and Post 18 choices, LMI and much more, take a look at the Careers Information and Advice Padlet.

If you are interested in showcasing your career at one of our 'World of Work Wednesdays', do sign up [here](#). Thank you to those who have already signed up, I will be in touch to arrange a suitable date.
